

Cryoelectron tomography reveals doublet-specific structures and unique interactions in the I1 dynein

Fri, 2012-09-14 21:46 — Dany

The rejection-file includes: first reviews, part of our cover-letter for the revision, rejection letter and second reviews - including a new reviewer, because the negative reviewer 1 was not available for a second review, then our appeal questioning why we were not given the opportunity to reply to the comments of the new reviewer, and finally rejection of our appeal.
